Welcomes

David Stein, Ph.D.

Author of 'Ritalin Is Not The Answer'

David Stein is a practicing clinical psychologist and professor at Longwood University (VA). He is also involved in research on effective parenting and has authored five books. For over 25 years he has conducted workshops providing realistic, practical, and effective alternatives to Ritalin.

Dr. Dave is a renowned international speaker. He has appeared on national T.V. and radio, and has spoken throughout the United States, and countries such as England and Spain. Dr. Dave is known mostly for his realistic parenting and drug-free solutions to help children and teens function independently, behave appropriately, and succeed in school. Dr. Dave is proving that there is a better way.

Peter Breggin, M.D.

Author of 'Toxic Psychiatry' & 'Talking Back to Ritalin'

Peter R. Breggin, M.D. began in the full time private practice of psychiatry in 1968. Dr. Breggin has been informing the professions, media and the public about the potential dangers of drugs and the biological theories of psychiatry for over three decades. He is the author of dozens of scientific articles and nineteen professional books, many dealing with psychiatric medication, the FDA and drug approval process, the evaluation of clinical trials, and standards of care in psychiatry and related fields.

In 1972 he founded The International Center for the Study of Psychiatry and Psychology (ICSPP) as a nonprofit research and educational network. He also founded the peer-review journal, *Ethical Human Sciences and Services*. For thirty years Dr. Breggin has served as a medical expert in many civil and criminal suits including individual malpractice cases and product liability suits against the manufacturers of psychiatric drugs.
